

Reed Straw

The NXP NTAG®424 DNA TT NFC Label is a high-security, tamper-evident smart label designed for product authentication, anti-counterfeiting, and secure user engagement. Powered by the advanced NTAG 424 DNA TT chip, it ensures encrypted, dynamic authentication and tamper detection.

This label is ideal for wine, spirits, and other premium beverages. Its cold-resistant adhesive ensures reliable bonding in low-temperature, high-humidity environments, such as refrigerated or frozen storage. The tamper-evident structure detects unauthorized removal, safeguarding brand integrity and consumer trust. It's also suited for luxury goods, pharmaceuticals, and collectibles, offering secure NFC and QR-based authentication and enabling smooth digital interactions like product info, promotions, or warranty access.

BPSW-RF-6200

Material	Reed Fiber
Diameter	6mm-8mm
Length	200mm or customized
Crafts	Diameter is not customizable
Packaging	100 pcs/bag; 4,000 pcs/box
MOQ	50,000 pcs
Carton Dimension	50×40×43cm
